HEADQ'RS 2D MILITARY DISTRICT,
CHARLESTON, S. C., Dec. 31, 1867.

GENERAL ORDERS, No. 164.

I. Paragraph II of General Orders No. 10, from the Headquarters of the Second Military District, dated April 11, 1867, is modified as follows:

SUITS FOR DEBTS.

Judgments or decrees for the payment of money on causes of action arising in North Carolina between the 20th of May, 1861, and the 20th day of April, 1865, and in South Carolina between the 19th day of December, 1860, and the 29th day of April, 1865, shall not be enforced, by execution, against the person or property of the defendant. Proceedings for such causes of action now pending shall be stayed, and no suit or process shall be instituted or commenced on such causes of action until after the civil government of the respective States shall be established, in accordance with the laws of the United States.

Paragraph III of the same order is modified as follows:

EXECUTIONS.

Sheriffs, coroners and constables are hereby directed to suspend the sale of property upon execution, or process under any judgment or decree of a court of the so-called Confederate States, or of the State of North Carolina, rendered between the 20th day of May, 1861, and the organization of the provisional government of said State, under the President's proclamation of the 29th day of April, 1865, or the State of South Carolina, rendered between the 19th day of December, 1860, and the organization of the provisional government of the said State, under the President's proclamation of the 30th day of June, 1865, unless the written consent of the defendant be entered on record, and except in cases where the plaintiff or his attorney upon oath, supported by corroborative testimony, shall allege that the defendant is disposing of, removing, or about to remove, his property beyond the jurisdiction of the court, with intent to defraud his creditors: *Provided*, that no such judgment, so rendered, within the periods aforesaid, shall be a bar to the commencement, in a State court, of a new suit upon the same cause of action in any case in which, by law, the defendant may remove or appeal the same to a court of the United States.

FORECLOSURE OF MORTGAGES.

The sale of real or personal property, by foreclosure of mortgage, is likewise suspended in the cases embraced in paragraphs II and III, of said order No. 10 as above amended, except in cases where interest money accruing subsequent to the 29th of April, 1865, shall not have been paid before the day of sale, and all previous restrictions on such sales are revoked.

Paragraph IV of the same order is modified by substituting the 29th day of April, 1865, for the 19th day of May 1865

Paragraph V of the same order is modified as follows:

SUITS ON NEGRO DEBTS,

All proceedings for the recovery of money on contracts, whether under seal or by parol, the consideration of which was the purchase of slaves made subsequent to the 1st day of January, 1863, are suspended.—Judgment or decrees entered for such causes of action shall not be enforced.

Paragraph VII of the same order is modified as follows:

HOMESTEADS.

In all sales of property under execution or by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances, and (if in the country) twenty acres of land, or so much thereof that the whole shall not exceed in value the sum of two thousand dollars; and in a town or city, the immediate lot upon which such dwelling house is situated; and necessary articles of furniture, apparel, subsistence and implements of husbandry, trade, or other employment, to the value of five hundred dollars. The homestead exemption shall inure only to the benefit of families. In other cases the exemption shall extend only to clothing and implements of trade or employment usually followed by the defendant, of the value of two hundred dollars. The exemptions hereby made shall not be waived or defeated by the act of any defendant, who has a family dependent upon him or her support, and the exempted property shall be ascertained and defined by the sheriff or other officer enforcing the execution, who shall call to his aid two impartial citizens to make the necessary appraisement, and shall make report thereof to the court.

ARREST FOR FRAUDULENT DEBTS.

Paragraph X is hereby modified so as to authorize arrest in civil actions *ex contractu* only in cases where the demand is past due, and the defendant has been guilty of fraud in contracting the debt sued for, or has removed or disposed of his property, or is about to do so, with intent to defraud his creditors, or is about to leave the State with such intent.

EXECUTORS AND TRUSTEES.

Paragraph XIV is amended by adding thereto: All proceedings in any court of North Carolina, or of South Carolina, recognizing or sanctioning the investment of the funds of minor heirs, or of females, or of insane persons, in the securities of the late rebel government or the securities of the States of North Carolina or South Carolina, created for the purpose of carrying on the war against the government of the United States, will be suspended until the question of the validity of such investments shall have been determined by the courts of the United States, or by national legislation. And nothing in the provisions of this order, or of the order No. 10 above cited, shall be held to bar or hinder the recovery, by suit, of the estate of any minor heir, female, or insane person, (*cestuique trust*) whether in the hands of executors, administrators, trustees, guardians, masters or clerks of equity courts, and other fiduciary agents, or invested by them in their fiduciary character.

DISTILLERIES.

II. General Orders No. 25, of May 20, 1867, is revoked; and on and after the first day of January, 1863, the distillation of spirituous liquors in this Military District will be subject to such restrictions only as are imposed by the laws of the United States and of the States of North and South Carolina, respectively.

BAR ROOMS.

III. Paragraphs VI and VII of General Orders No. 32, dated May 30, 1866, are revoked, and the power to grant licenses for the sale of spiritous or intoxicating liquors is remitted to the proper local authorities, to take effect on and after the first day of January, 1868, and to be subject to the following conditions:

1. The municipal authorities granting the license shall be answerable that the parties to whom such licenses are granted, together with their sureties, shall be responsible persons, and of good moral standing in the community, and that both principal and sureties shall be able to qualify individually in double the amount of the bond required, and that the bond shall be a lien upon the personal property of both principal and sureties, and upon proof of default shall warrant the summary seizure and sale of so much of the property of either or both as may be necessary to satisfy the forfeiture of fine and cost.

2. Drunkenness and disorderly conduct on the premises shall work the forfeiture of the license and of the penalty of the bond.

3. The owner or keeper of any bar room, saloon or other place at which intoxicating liquors are sold, and other persons interested or connected therewith, shall be regarded as principals in any action of damages growing out of any assault, riot, affray or other disorder occurring on the premises, or directly traceable thereto.

4. All bar rooms, saloons or other places at which intoxicating liquors are sold, shall be closed on the day or days of any general or local election, and for the twelve hours next preceeding the opening and next succeeding the closing of the polls at such election: and the sheriffs of the counties and districts and the chief of police of cities and towns, shall have power to direct the closing of bar rooms and other places for the sale of intoxicating liquors wherever it may be necessary in their judgement to preserve order and quiet.

5. The proceeds of all license, forfeitures and fines, under the local regulations or under the provisions of military orders, will be devoted to the support of the poor, and as soon as realized will be turned over to the commissioners or overseers of the poor of the district, county, city or town in which they accured, and the commissioners or overseers will at the end of each month report to the Provost Marshal General of the District the amount received by them during the month, specifying the names of the parties from whom it was received.

6. The penalties imposed by this order or by the local police regulations may be enforced in any civil or military court, and upon conviction the court may award to the informer a sum not exceeding fifty per cent. of the forfeiture or fine. And it is made the duty of all sheriffs, constables and coroners of counties and districts, and the police of cities and towns to be vigilant in the enforcement of the police regulations and the provisions of this order in relation to the sale of intoxicating liquors.

The provisions of this paragraph will be held to apply to such licenses granted under General Orders No. 22, to innkeepers, as remain unexpired after the 1st of January, 1868.

DISTRICT COURTS.

IV. To promote the speedy trial of prisoners confined for minor offences, and diminish the cost of their maintenance, all committing magistrates will on the 15th and last days of each month, report to the judge of their county or district court all commitments made by them during the preceeding half month, specifying the date of commitments, the names of the prisoners and the offences for which they were committed, to the end that the judges may whenever in their opinion the number of prisoners or other considerations of public interest call for it, hold special terms of their courts for the purpose of disposing of such cases. The additional expense of holding such special terms will be charged upon the State Treasury, and the accounts therefor will be audited and paid, as accounts of a similar character are now audited and paid, and if the salaries now paid the judges should be inadequate in view of the additional labor performed by them, a reasonable addition upon the proper representations through the Governor of the State, will be allowed.

PILOTAGE.

V. The pilotage regulations now existing in the State of North and South Carolina are so far modified that on and after the first day of March, 1868, all passenger steam vessels, regulated by the laws of the United States, and carrying a pilot commissioned by the United States Commissioners, shall be exempt from the compulsory payment of pilotage.

NORTH CAROLINA POLL TAX.

VI. So much of the act of the General Assembly of the State of North Carolina, entitled "An act to raise monies," ratified on the 26th day of February, 1867, as makes it "the duty of all persons and corporations to list and pay the (poll) tax of such persons liable to the same, as are in their employment, on the first day of April of each year, as laborers," is rescinded, and hereafter all individual taxes will be assessed directly upon and collected directly from the individuals from whom they are due; *provided*, that the provisions of this order shall not apply to the taxes levied for the current year, except that double poll tax shall not be enforced if the original tax be paid on or before the 1st day of March, 1868.

By command of Brevet Major General ED. R. S. CANBY:

LOUIS V. CAZIARC,
Aide-de Camp,
Actg. Asst. Ad. Genl.

Extract from general orders No. 10, referred to in the above order of Gen. Canby:

Second. "Judgment or decrees for the payment of money on causes of action arising between the 19th of December, 1860, and the 15th of May, 1865, shall not be enforced by execution against the property or the person of the defendant. Proceedings in such causes of action now pending shall be stayed, and no suit or process shall be hereafter instituted or commenced for any such causes of action."

Third. "Sheriffs, coroners and constables are hereby directed to suspend for twelve calendar months the sale of all property upon execution of process on liabilities contracted prior to the 19th of December, 1860, unless upon the written consent of the defendants, except in cases where the plaintiff, or in his absence his agent or attorney, shall upon oath, with corroborative testimony allege or prove that the defendant is moving or intends fraudulently to remove his property beyond the territorial jurisdiction of the Court. The sale of real or personal property by foreclosure of mortgage is likewise suspended for twelve calendar months, except in cases where the payment of interest money accruing since the 15th day of May, 1865, shall not have been made before the day of sale." *Fourth.* "Judgments or decrees entered or enrolled on causes of action arising subsequent to the 15th day of May, 1865, may be endorsed by execution, against the property of the defendant, and in the application of the money arising under such executions, regard shall be had to the priority of liens, unless in cases where the good faith of any lien shall be drawn in question. In such cases the usual mode of proceeding adopted in North and South Carolina respectively to determine that question, shall be adopted.

"*Fifth*: All proceedings for the recovery of money under contracts, whether under seal or by parole, the consideration for which was the purchase of negroes, are suspended, Judgments or decress entered or enrolled for such causes of action shall not be enforced.

Seventh. In all sales of property under execution by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances and twenty acres of land for the use and occupation of the families of the defendant, and necessary articles of furniture, apparel, subsistence, implements of trade, husbandry or other employment of the value of $500. The homestead exemption shall inure only to the benefit of families—that is to say, parent or parents and child or children—in other cases the exemption shall extend only to clothing, implements of trade or other employment usually followed by the defendant, of the value of $100. The exemption hereby made shall not be waived or defeated by the act of the defendant. The exempted property of the defendant shall be ascertained by the Sheriff or other officer enforcing the execution, who shall specifically describe the same, and make a report thereof in each case to the Court."

"*Tenth.* In suits brought to recover debts known as actions *ex contractu*, bail, as heretofore authorized, shall not be demanded by the suitor nor taken by the sheriff or other officer serving the process: in suits for trespass, libel, wrongful conversion of property and other cases, known as actions *ex delicto* bail, as heretofore authorized, may be demanded and taken,—The prohibition of bail in cases *ex contractu* shall not extend to persons about to leave the State, but the fact of intention must be clearly established by proof."

"*Fourteenth.* The punishment of death in certain cases of burglary and larceny imposed by the existing laws of the provisional governments in this military district, is abolished. Any person convicted of burglary or of larcency, when the property stolen is of the value of $25, of assault and battery with intent to kill, or of assault with a deadly weapon, shall be deemed guilty of felony, and shall be punished by imprisonment at hard labor for a term not exceeding ten years nor less than two years, in the discretion of the court having juriedidtion thereof. Larceny, when the value thereof is less than $25, shall be punished by imprisonment at hard labor for a term not exceeding one year in the discretion of the court."

THE STATE CONDENSED.

☞ Mr. D. W. Courts has established a Land Agency at Reedsville, N. C.

A new saw dust road is being made in Wilmington, N. C. This is being done on account of the sand. Saw dust roads should be made in Raleigh on account of the mud.

The colored boy arrested in Fayetteville, upon suspicion of incendiarism, has been discharged, there being no positive evidence against him.

☞ The Wilmingtonians are raising subscriptions to purchase a steam fire engine. The *Star* does noi like the plan, and wants the Commissioners to purchase it.

☞ The Wilmington *Journal* thus speaks of Mr. Sutton's troupe now in that city: We were present for a few moments at the entertainment given at Thalian Hall last last evening by Mr. and Mrs. Sutton, assisted by Mr. Howland. The audience was discouragingly slim—in fact, the seats were very nearly all empty. What we saw of the performance left the impression upon our mind that the acting was far better than the house.

☞ Sargent is still in New Berne. The *Journal of Commerce*, of that city, is quite enthusiastic about it. Listen: Sargent the great illusionist having dropped the drama will appear in his proper sphere as a magician on Thursday and Friday night, February 27th and 28th. Our citizens having seen him before are well assured that he is the very best magician that has ever visited the city, and we learn that he will perform some of the most difficult illusions in his profession on these occasions. Let all go and see him.

☞ The Weldon *News* is complaining of the bad weather, and says: "We awoke on Monday morning to find the ground covered with snow, and throughout the day hail, rain and snow continued to fall in mixed doses, rendering out dooring anything but pleasant and agreeable. The wise-acres say this is the breaking up of winter—we trust it is, as we are—out of wood and nearly out of money." We have several families in Raleigh in the same fix, neighbor.

☞ On Tuesday night last one or more darkies went to the plantation of Jno. H. Richardson, Esq., about six miles distant from this city, and killed one of his finest oxen. Mr. B. discovering the theft early in the morning followed the tracks to the city, and succeeded in getting his beef (already slaughtered) and the best of all, got the scoundrels, (three in number) and they are now in Craven jail ruminating over their folly. We only hope that all our citizens will display the energy Mr. Richardson has in this case and our word for it, there will be less stealing in the county.—*Newbern J. of Commerce.*

Shooting Affray in St. Louis.

In St. Louis recently, John C. Heron was so shockingly stabbed that a fatal result, it is feared, will unless from the injuries he has received. On Sunday afternoon, Heron and a man named John Kinneff, and two other men whose names are unknown, were playing at the "pigeon" game at the Branch saloon, when a quarrell arose between the two former, which led to a feeling of deadly hatred in the mind of Kinneff against Heron. The latter left the saloon about half past 6 o'clock, accompanied by a man named Dennis O'Brien. They were followed at a distance by Kinneff and a man named Patrick O'Brien. They went to a stable near Mrs. Kate O'Brien's boarding house, where Heron boarded, and afterwards went into a neighboring house. When they came out, Dennis O'Brien stood on the sidewalk and Heron went into Mrs. O'Brien's. After a time, O'Brien heard a noise, and on going to see what was the matter, found Kinneff and Patrick O'Brien quarrellnig with Heron. The latter endeavored to get away from them, and ran into the kitchen, but they pursued him and the assault began.

Heron was knocked on a bed in the room, and, although nearly all the stabbing took place there, the parties present cannot say whether any wounds were inflicted upon him while on the bed. It is probable, however, that he was stabbed while in this helpless position. He was thrown from the bed into the corner of the room, where he was stabbed many times. By some means he managed to get into the next room; or was dragged in by his assailants who did not cease to attack him. In addition to Dennis O'Brien, Mrs. O'Brien and a daughter were present, and endeavored to save Heron. An effort was made by them to push him out of the window, but they could not succeed. Kinneff and Pat O'Brien made off, leaving the victim of their assault lying in an exhausted and fainting condition on the floor from the numerous wounds he had received.

One of the members of the firm of the Piedmont Land agency is now preparing lectures on the Agricultural and Mineral resources of the Piedmont region of Virginia, and intends very soon to make a canvass through New York, Pennsylvania, New Jersey, and other States of the North and West, with the view of inducing settlement in Virginia.

DR. J. J. LAWRENCE—Dear Sir:—Please send me immediately per Express to Tarboro', two dozen more bottles of your Rosadalis. I have carefully examined its Formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in several cases of Scrofula and Scrofulous affections, &c., with much satisfaction to myself and patients. I have also used it in Secondary and Tertiary Syphilis, [one a terrible case of eight years' standing,] in which it acted with surprising and satisfactory effect—making a quick and thorough cure. I have, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known.

Respectfully yours, &c.,

A Wonderful Cure of Scrofulous White Swelling.

[HOME CERTIFICATE.]

I hereby certify that last September I was attacked with White Swelling of the left knee—and also with an enlargement of the glands of the neck—[one tumor reached a large size.] The swelling of the knee was enormous, and was attended with the most excruciating pains. I was so reduced that I was confined to my room over three months. My leg was so completely drawn up that I could not bend it all. I tried various remedies, and they failed to give me any relief. I was in this condition when I commenced taking Dr. Lawrence's Rosadalis. The swelling in the knee and neck began to subside before I took all of the first bottle. By the time I took the second bottle, the swelling of the neck entirely disappeared, and that of the knee nearly so. After taking three bottles I found myself completely well—able to walk as well as ever, &c.

Rosadalis Cures Carbuncles, Boils, Pimples, &c.

CERTIFICATE FROM AN OLD AND MUCH RESPECTED CITIZEN OF GREENE COUNTY, NOW A RESIDENT OF WILSON, N. C.

I hereby certify that, during the summer and fall of 1866 I was severely afflicted with Carbuncles—having had as many as fourteen large Carbuncles, and twelve ordinary Boils. I suffered so much from them that I could not get out of the house half the time for several months. Being induced to try Dr. Lawrence's Rosadalis, I was entirely cured by the use of one bottle of that truly valuable medicine.

Consumption, in its Early Stages can be cured.

BALTIMORE, Md., March 4th, 1867.

Dear Dr. Lawrence:—My daughter having been cured of a deeply seated disease of the lungs by your Rosadalis, I feel it my duty to make the fact known to you for the benefit of others. She suffered nearly two years with a hard cough, which troubled her day and night; at last the emaciated form, glassy eye, night sweats, together with the cough, told too plainly that it was *Consumption*, beyond question, eating at her vitals. Our Physician's remedies brought no relief. She was advised to try your Rosadalis, as a tonic—which she did—imagine my surprise and gratification, when I found her appetite returning. Slowly she regained her strength, her cough and night sweats gradually ceased, and she is now, after taking five bottles of your medicine, apparently as well as ever.

Yours, respectfully,
MRS. E. ANN SMITH.

SALT RHEUM CURED! REMARKABLE CURE!!

DR. LAWRENCE, Wilson, N. C.:

My Dear Sir—For the last ten years, until recently, I suffered with an inveterate eruption of the skin—called by Physicians "Salt Rheum," with which I suffered terribly; the pain and itching was almost intolerable. I tried several of the best Physicians in Europe and this country—have visited several celebrated springs—spent thousands of dollars, and failed to get any better. In December, 1866, being in Charleston, S. C., I was told by a gentleman at the hotel that he had been cured of a bad tetter by a medicine called "Rosadalis." I resolved to try it, without any hope though of its doing me any good. I procured a bottle of Messrs. King & Cassidey, and commenced taking it. Finding, to my surprise, that I was improving, I bought four other bottles; but before commencing on the last two, I found I was completely well—the disease having entirely disappeared.

Enclosed find One Hundred Dollars, which please accept as a token of my gratitude. Why do you not make your invaluable Rosadalis widely known? Your sincere friend,

W. T. SELTZER.

...posed last fall to bring all nominations up to Raleigh. Next we shall have sheriffs and constables for the whole State, nominated in Raleigh, as if the people cannot be trusted with the management of their own affairs. The caucus managers at headquarters demand the right to revise and correct the crude work of the delegates appointed by the people. This scheme of governing the people through caucus managers in Raleigh is utterly at war with the idea of Republicanism. It assumes that the people are incapable of self-government, and that the leaders must manage affairs for them. Thus it is, as was so often repeated by Mr. Jefferson, "Power is constantly stealing from the many to the few." But to the nominations:

"Republican Congressional Ticket.

FIRST DISTRICT.

JOHN R. FRENCH, of Chowan.

SECOND DISTRICT.

DAVID HEATON, of Craven.

FOURTH DISTRICT.

JNO. T. DEWEESE, of Wake."

We understand that a Northern man, a Captain O'Byrne, we believe is the name, is to be nominated in the third District, and it is well known that Mr. Tourgee is the most prominent aspirant for the nomination in the fifth District. We have not heard the names of the immigrants to the sixth and seventh Districts who will be called upon by the caucus to represent them in Congress.

We protest, that we are not unfriendly to Northern men. We welcome them by the hundred thousand to the State. We need an influx of the intelligent and industrious population of the North; but while we have only here and there an individual from other States, we deny that they have the right to monopolize *all* the offices. To Col. Heaton who has pursued a wise and liberal course as a member of the Constitutional Convention, we have no objection; and if we resided in his district we should cheerfully vote for him. He has done the State valuable service by his successful efforts to engraft upon the Bill of Rights a declaration in favor of maintaining the public credit, as well as by the zeal with which he has labored to exclude from the Constitution every thing like proscription of the people. If our support can influence any voter in the Second District, we would urge them to vote for Col. Heaton. He has been a resident of the State for several years, and is identified with the people. Toward Mr. French, personally, we entertain none but kindly feelings. We have known him for several years—we regard him as a gentleman of respectable character; and if he had exhibited more liberality towards the people of the State, we should not withold from him a cordial support notwithstanding the fact that he can barely claim citizenship.

But certainly, the recent immigrants to the State should be satisfied with one or two Representatives in Congress, when the whole class might be counted on a man's fingers. The nominee for this District Mr. Deweese, has had no claim to citizenship for more than six or eight months. Up to that time he was here as an Army officer. In the very act of becoming a citizen he was appointed to an honorable and lucrative office, with which a man of modest pretensions might have remained satisfied.

If the State of North Carolina is in a condition to be restored to the Union, it must have a superabundance of native citizens who are qualified by education, patriotism and character, to represent it in Congress, without being reduced to the necessity of catching up *all* the new immigrants, without regard to character and fitness.

ENGLAND.

The Earl of Derby, the Prime Minister of England has resigned. The Queen immediately sent for Mr. Disraeli to take his place. It is not stated whether the Cabinet will be dissolved. Disraeli is already a prominent member of the Administration, and it is probable that he will retain the majority of his associates. He was in early life a Liberal, but afterwards, for many years, a leader of the tory party. Even now he claims to be of that party, but his championship of the recent very radical Reform Act, has made him in fact, the instrument of the Liberals. His purpose may have been to keep power on the side of the tories; but the duplication of the electors will effectually break down the aristocratic or what they choose to call themselves, the Conservative party.

AN EPISODE.

We omitted in our brief account of the proceedings of the Nominating Convention, to include the following resolution offered by Mr. Hedrick a delegate from Orange. It is as follows:

"*Resolved*, That no person shall receive a nomination from this Convention on the State ticket, who is disqualified for holding office either by the Reconstruction acts of Congress or by the 14th Article of the Constitution of the United States, known as the Howard Amendment."

Mr. Hedrick in presenting the resolution remarked that the work of reconstruction should be put in the hands of men who need no pardon. He was in favor of pardoning every man who is loyal to the government, but, until their disabilities shall be removed, it would seem to be a defiance of the Constitution and laws of the land, to put men forward who are disqualified.

Gen. Abbott, of New Hanover, moved to lay the resolution on the table.

Mr. Grissom moved to reject the resolution but withdrew it, and the motion to lay on the table prevailed.

Capt. Lee, of Raleigh, wished to know by what authority Mr. Hedrick was a delegate, and if he was a citizen of the State, and moved that a committee of five be appointed to investigate the case of Mr. Hedrick.

Mr. Hedrick wished to know if Capt. Lee was a citizen of the State, and if so what made him so.

Lee said he had attained his citizenship by fighting in the army of the Potomac. And that he was as good a Republican as the Convention contained.

Mr. Hedrick said that he was born a citizen of the State, and had not forfeited his citizenship.

At this point some of the shrewder members of the Convention, seeing the danger of opening up the Record of Mr. Hedrick, and of inquiring into the causes of his removal from the State, adroitly squelched Captain Lee's motion, and passed on to other business.

For the information of Capt. Lee and all new comers to North Carolina, we will state that Mr. Hedrick was compelled to exile himself, from North Carolina in 1856, or '57, by political persecution. He held the honorable and lucrative position of Professor in the university at Chapel Hill, and being a conscientious opponent of slavery, and of slavery extension, he made bold to avow himself, in conversation, a friend to the election of Jno. C. Fremont to the Presidency. He might, perhaps, have declared himself an infidel, or a Turk with impunity; but to question the divine right of slavery was a crime which could not be tolerated. Accordingly, Mr. Hedrick's offence was blazoned to the world in the organ of the "Democratic" party, which was published in this city; and the editor in the name of an indignant and outraged slaveholding oligarchy, demanded the expulsion of Mr. Hedrick from the University. The mandate was obeyed. The Trustee's, obedient to the organ, assembled, and against the better judgement and feelings of many of them, dismissed the young Professor for the grave offence of declaring his preference for the Republican candidate for the Presidency. Mr. Hedrick was afterwards mobbed, and insulted, until, despairing of being able to live in peace, in his native State, he left it. He went first to the North-West, thence to New York, and afterwards to Washington, where he obtained honorable employment under the Government of Abraham Lincoln. He has never surrendered his citizenship in North Carolina. The so called democracy of the day, through its truculent organ in this city, succeeded in driving him with his wife and children from his home, his employment, and his native State; but is it competent for them or others to take advantage of the wrong that was done him and deny to him the right to claim citizenship? Professor Hedrick, in the long years of his exile, cherished and nursed in his bosom the fond thought of one day returning to the land of his birth. After a ten years absence he comes back and is met at the threshold with the taunting declaration that he is no citizen, and has no right to sit in a Convention, where those who drove him out are welcome and honored guests.

If Captain Lee, in any future Convention, should succeed in raising a committee of inquiry into Professor Hedrick's right to citizenship, he will find that the foregoing statement is substantially correct; and in the meantime we refer him to the files of the Raleigh *Standard* for 1856.

A CASE FOR SUPERINTENDENT ASHLEY.

It is said that one of the nominees for the office of Circuit Judge, spells January with a "G," and inserts a capital "K" in Bankruptcy.

Hiram Smith, an eccentric bachelor at Chester, Mass., is having his sepulchre hewn in a large rock in the town. He pays a man 700 dollars to do the work, and by the stipulation the cave is to be seven feet long, four feet wide and four deep, and after his coffin is put in, the aperture will be sealed up with a marble slab and cement. Smith says he don't want mud to get around his bones, he means to have a good dry place for them.

Frugality is one of the virtues in Vermont. An old settler eighty years of age in a country town, who had not been to the "shire town" for forty years, lately walked there, twenty miles, looked about the town, dined on two cents worth of crackers, and then walked back the same day.

Mr. Cowles opposed the amendment, and did not want all the Judges elected at one time, and prefered the Judiciary system to be divided into compartments, so as not to have all their times expire at one time.

Mr. Cowled moved to amend by dividing the Judges by lot into four equal classes, holding the office respectively for 2, 4, 6 and 8 years. Lost.

The section as amended was then passed.

1. *Resolved*, That we, the Delegates of the Republican State Convention, do hereby reaffirm the principles and sentiments contained in the Rebublican Platform of the 27th of March and the 5th of September, 1867.

2. *Resolved*, That the continued and persistant efforts now being made upon the part of the so called Conservative organization of the State to place the stigma and ban of social ostracism upon thousands of patriotic Southern white men, who have the manliness and courage to stand firmly by the Republican Party, is justly regarded as narrow, reckless and vindictive, and well calculated to excite the contempt of every honorable man.

3. *Resolved*, That we hereby renew our expressions of admiration and gratitude toward the resolute and patriotic majority of the Congress of the United States; especially do we emphatically approve of the noble stand recently taken by the House of Representatives, in maintaining the rights and liberties of the people against the encroachments and flagrant assumptions of a vacillating and accidental President.

4. *Resolved*, That this Convention do hereby earnestly and emphatically recommend to the Congress of the United States the early enfranchisement of various well known true Union men in our State, who are at present resting under political disabilities.

5. *Resolved*, That having the fullest confidence that the present Convention as will frame for submission such a Constitution as will command the earnest and enthusiastic support of the friends of liberty and progress in our State, we shall enter upon the approaching contest with a firm determination to make our triumph significant and complete.

6. *Resolved*, That to all of the nominations made by this Convention we do hereby pledge an unwavering and an unfaltering support.

The balance of the evening was consumed in speech making.

A NEAT LITTLE EPIGRAM

Was perpetrated by Tom Moore, who having stolen a lock of hair from a lady's head, on being requested to make restitution, gave vent thus:

On one sole condition, love I might be led
With this beautiful ringlet to part—
I would gladly relinquish the lock of your head,
Could I gain but the key to your heart.

We have no Mo(o)re on this head, but could say a great deal concerning the wonderful "BARLEY SHEAF" COOKING STOVE, which the key of success has so firmly locked in the good graces of the American Public, that it would not be surprising to find MESSRS. STUART, PETERSON & CO., the manufacturers making overtures to pay off the national debt. We certainly owe them a debt of gratitude tor their timely presentation of so excellent a stove.

THE HOUSEHOLD REMEDY.

As the hot weather progresses, cholera morbus, diarrhea and dysentery will be found very prevalent. These diseases are indigent to the season, and, if neglected, often terminate fatally. It is therefore necessary for every family to be provided with a reliable antidote to these dangerous maladies. *Hostetter's Stomach Bitters* has been proven, by past experience, to be the greatest household remedy of the age. No preventive of disease, or restorative of health, has ever achieved half the popularity of this safe and yet powerful agent. It acts directly upon the liver and digestive functions, removing all troubles of a bilious tendency, regulating the escretions and toning and strengthening the stomach. When the nervous system has become impaired, and the patient experiences a fretful and excitable temperament, he will find this a soothing and health-restoring preparation, as it acts like a charm upon the worn down and weary system, without reaction or excitement of the brain, which is often the case with other preparations.

The virtues of *Hostetter's Stomach Bitters* are acknowledged throughout the country for Fever and Ague, and diseases arising from miasma, giving relief when all other remedies have failed, soothing the sufferer from nervous debility, and imparting strength to the weak and shattered constitution. In cases of dyspepsia it has proved invaluable, and is generally used wherever its health-restoring qualities are known.

WANTED—AGENTS TO SELL DR. WM. SMITH'S

"DICTIONARY OF THE BIBLE."

It contains over 1000 closely printed, double column, octavo pages, from new electrotype plates, on good paper, and is appropriately illustrated with more than 200 engravings on steel and wood, and a series of fine, authentic maps.

It comprises the Antiquities, Biography, Natural History, Topography, and is a complete Cyclopedia of the Scriptures.

It is necessary to every Bible reader, indispensable to every Minister and Sunday School Teacher, and ought to be in every family.

It is highly commended by all learned and eminent men, and by the press generally in all parts of the country, as the best book of the kind in the English language.

DO NOT BE DECEIVED!

Owing to the unprecedented popularity of this Work, a small English abridgement, in duodecimo form, of about 600 pages, has been reprinted in this country in larger type, and spread over 800 octavo pages, evidently—by making a larger book than the original—to give the impression easier that it is our edition. It has less than half the reading matter of ours, and is sold considerably higher than the English edition of the same book in this country. Some agents are endeavoring to palm off this juvenile edition for ours.

Teachers, students, retired clergymen, farmers, and energetic women find the agency for this work both pleasant and lucrative employment. Send for circulars, giving full particulars, terms, &c., to

A CHEERING SCENE.—We were seated at our window in the earlier part of last night, and was suddenly and certainly very agreeably startled by an unusual clearness and brightness in the heavens. Turning our gaze to the western horizon, our eyes beheld a scene that was truly cheering and animating. Floating calmly along above the white-capped clouds, was the young and beautiful Luna. In her infancy she looked tender and lovely as a young babe at its mother's breast. For once "in the whole course of our life," we were moonstruck.

With the appearance of the new moon, was the appearance of good weather.

LOOK TO IT.—There are a number of our subscribers who have not paid up for their subscription. As our terms are in advance, all such will please remit the amount due.

The proprietors of the late *Press*, requests us to ask its subscribers in New Berne, Kinston, and elsewhere, who have not paid up, to please *remit at once.*

MAIL CONTRACTS—NO INCREASE PAY.—We are requested by Dr. JOBE, to give notice to all mail contractors, that the Post Office Department cannot allow them any increase pay on their contracts.

WASHINGTON, Feb. 27.

In the Senate notliing was done generally interesting.

In the House a bill was presented bridging the Ohio at Paducah. ——— of Illinois, opposed the bill because the whole railroad system of the South was guaged differently from the Northern roads, expressly in view of a separation. Two sections of the bill passed.

The bill constructing a postal bridge over the Ohio at Licking river passed.

The civil appropriations was resumed.

Colfax read to the House a letter from the chief of police of New York to the chief at Washington, reported one hundred and sixty pounds of nitro glycerine was in unauthorized hands in New York. The chief feared it was ihtended for Washington. The communication seemed to create more alarm than merriment.

South Carolina Convention.

CHARLESTON, Feb. 27.

The Convention yesterday passed seventeen sections of the Judiciary Article. The County District and Probate Courts are abolished. Strong effort was made for the election of Judges by the people but failed.

A resolution was adopted tendering the thanks of the loyal people of South Carolina to Congress, Grant and Stanton. Some negroes were opposed to it.

The committee, two colored delegates, have returned from Washington, with the information that the Republicans didn't wish for the election of colored Congressmen.

The State is to be divided into Congressional Districts, with six representatives instead of four. The Convention is now holding two sessions daily, and expect to finish their work by the fifteenth of March.

There is a great rush for offices.

JACKSON, Feb. 27.

The Convention last night considered and adopted the the tax ordinance as far as the fifteenth section. The balance was recommitted.

A resolution was adopted thanking Congress for impeaching the President.

To-day the bill of rights was under consideration. Sections were adopted prohibiting dueling, defining treason against the State, and prohiting property or educational qualifications for electors.

The tax ordinance was taken up and adopted as a whole, and a committee appointed to carry it to Gen. Gillem.

Georgia Convention, &c.

ATLANTA, GA., Feb. 27.

It was resolved in Convention to-day that the state capitol be removed from Milledgeville to Atlanta.

An anti-relief party was inaugurated last night by thirty delegates in caucus. It proposes to nominate a candidate for Governor, to ask all opposed to repudiation, whether in favor or not of ratification, to support its nominee, and to request Congress to re-assemble the Convention with instructions to strike out the relief elause in the constitution now forming.

PROSPECTUS.
Having long felt that a necessity existed for a journal in the Southern States devoted especially to Music, the undersigned has at length determined to issue a periodical, to be called
THE SOUTHERN JOURNAL OF MUSIC.
The people of the South have always been noted for their love of the Fine Arts, as well as the culture of good taste in every household; and though the war has left but little time and less ability to pursue favorite studies, yet the old love remains, and will show itself in greater devotion than ever, as rapidly as the people can recover from the terrible results of the war. The undersigned, therefore, confidently expects his enterprise to be a popular one, while with him will rest the responsibility of making it a successful one.
It is the fixed determination to labor for the continued cultivation of good taste, by producing earnest thoughts from the best thinkers, all aimed at the one great end, of adapting High Art to the popular taste, and thus, if possible, preventing that demoralization in Music which has nearly ruined the hopes of Art in other departments.
THE SOUTHERN JOURNAL OF MUSIC will be a monthly of sixteen pages, each number containing from three to five, or more pages of good music—the music alone, if bought in the usual way, costing five or six times as much as the subscription price. Great care will be exercised in the reading matter, and the most scrupulous regard will constantly be had to the presentation of that only which tends to elevate the taste
TERMS—$1 00 PER ANNUM IN ADVANCE.
The price is fixed at such a low figure that club rates are not admissable, but a liberal per centage will be allowed to any who will forward a list of twenty-five or more.
The first number will be issued about the first of October next, and succeeding numbers will appear regularly every month thereafter. Should the subscription list justify the expense, improvements will be made as time will show occasion; but the journal will be published whether the list will justify the improvement or not.
Music Dealers, Seminaries, and others who feel interested in such an enterprise are requested to exert their influence in favor of the Journal.
Editors who receive this prospectus and make a notice of it, stating our terms, &c., will please send copy of paper marked.

FRIDAY, FEBRUARY 28, 1868.

A German Trust Song.

Just as God leads me, I would go,
I would not ask to choose my way:
Content with what he would bestow,
Assured he will not let me stray,
So as he leads, my path I make,
And step by step I gladly take,
A child in him confiding.

Just as God leads I am content,
I rest me calmly in his hands;
That which he has decreed and sent—
That which his will for me commands,
I would that he should all fulfill.
That I should do his gracious will
In living or in dying.

Just as God leads, I all resign,
I trust me to my Father's will:
When reason's rays deceptive shine,
His counsel would I yet fulfill:
That which his love ordained as right,
Before he brought me to the light,
My all to him resigning.

Just as God leads me, I abide
In faith, in suffering true;
His [illegible] ever by my side—
Can aught my hold on him undo?
I hold me, [illegible] patience, knowing
That God my life is still bestowing—
The best in kindness sending.

Just as God leads, I onward go,
Oft amid thorns and briars seen:
God does not yet his guidance show—
But in the end it shall be seen
How, by a loving Father's will,
Faithful and true, he leads me still.

Good words cost the great so little, and their quality is such an indisputable dispensation from keeping the most solemn promises, that it is modesty in the nobility to be sparing of them as they generally are.

Knowledge of the world is regarded a useful if not an elegant accomplishment; but this advantage, like every other good, is mixed with some alloy; the acute observer of men and manners cannot but be disgusted with scenes that take place around him, and his knowledge may at last have the effect of souring his own disposition.

Kind words, looks and acts are the small currency of social life, each of inconsiderable value, but in the aggregate forming the wealth of society. They are the "excellent oil" which keeps the machinery from rusting, wearing or creaking. They are the dew that refreshens and nourishes the otherwise arid fields. They are the sunshine of an else murky, dreary world.

Mr. Carl Heintz, and other German citizens of Massachusetts, having been close observers of the President's recent misbehavior, have petitioned Congress to abolish the office of President, because, in their opinion, it too closley resembles a kingship, and is therefore dangerous to a republic.

Horace Greeley, in his reminiscences, speaks of first meeting Abraham Lincoln when he was a member of Congress, and adds:—"It will surprise some to hear, that, though I was often in his company thenceforward till his death, and long on terms of friendly intimacy with him, I never heard him tell an anecdote or story."

It is very singular how the fact of a man's death often seems to give people a truer idea of his character, whether for good or evil, than they have ever possessed while he was living and acting among them. Death is so genuine a fact that it excludes falsehoods, or betrays its emptiness; it is touchstone that proves the gold and dishonors the baser metal. Could the departed, whatever he may be, return in a week after his decease, he would almost invariably find himself at a higher or a lower point than he formerly occupied on the scale of public appreciation.

VALUABLE

FARM FOR SALE.

The subscriber offers for sale the valuable Farm, in CHATHAM COUNTY, N. C., containing

500 ACRES.

The farm is situated in the Southwestern portion of the county, in the midst of the best Coal and Mineral region of the State; being in one mile of the Ore Hill Iron Works, that have been successfully worked during the late war. The celebrated Mineral Springs are also about one mile distant.

The improvements consist of a large TWO STORY DWELLING, well finished and painted, KITCHEN and SERVANTS HOUSE, Large Framed BARN and STABLES, all in good order. The House is beautifully situated on an elevated position, surrounded by a large yard of about four acres, filled with forest trees, which form beautiful scenery and effectual shade. 125 acres have been in cultivation, the balance in original forest, consisting of Pine, Oak, Hickory, Dogwood, &c., &c.; 10 acres in

GOOD MEADOW,

and 50 acres more could easily be added if wished. There is a

FINE YOUNG ORCHARD

of selected fruit, just coming into bearing, consisting of Apples, Peaches, Pears, Cherries, &c. Also, an Orchard of about 8 acres of the natural fruits in full bearing, many of the varieties are equal to the grafted kind.

The Western Railroad, from Fayetteville Greensboro, (now building) 50 miles now in operation, passes near the property—the Ore Hi Depot being within a mile of the land. The cars now running within 10 miles of the farm, and the Road is expected to be finished during the next year. The Chatham Roilroad, now partially graded, and the Cheraw Railroad all centering in the mineral region of Chatham county, will pass near this property. Thus making it very valuable for investment. Good Mills, Churches, School Houses, Masonic Hall, large Tanneries, &c., all within convenient distance. The subscriber being about to remove to the Eastern part of the State is unable to attend to the property and will sell on reasonable terms for cash or credit.

To any one wanting a good Wheat, Oat and Grazing farm, with good water and healthy location, the above offers a chance not often met with. Address

PHILADELPHIA ADVERTISEMENTS.

PHILADELPHIA

University of Medicine and Surgery.

Organized, 1848. Chartered by the Legislature, February 26, 1853. Amendments to Charter, February 15, 1860, and March 15, 1865.

Two full sessions of Lectures each year, commencing the first of October, and continuing unil April. The Dissecting Rooms are open, and private lectures and quizzes continue during the entire year. The first session continues until Christmas, or for three months, and the second until the first of April, or three months; the two onstituting one full course of lectures. Examination of candidates for graduation will occur at he end of each session.

REQUISITES FOR GRADUATION.

The requisites for graduation are three sessions of lectures, and three years only; or four sessions, ncluding two years spent at the Tniversity.

THE SYSTEM OF MEDICINE TAUGHT.

The University is a liberal medical school, in which all branches of medicine and surgery are teught, including the preparatory studies. without regard to any sectarian views. Hence, while they deprecate the exclusiveness of Allopathy, Homœopathy, Eclecticism, Hydropathy, etc., they believe that all principles of cure and therapeutical agents should be taught in all well-regulated medical schools, and that every intelligent, honest, and thorough practitioner is entitled to oll the courtesies and privileges of the profession, without regard to his peculiar notions in therapeutics.

FEES.

The fees for all branches, including all the tickets, matriculation, and dissection, are sixty dollars a session, or one hundred dollars per year. Those who purchase tickets only have to matriculate once, which makes the second session Fifty-five Dollars, including demonstrator's fees, or One Hundred and Fifteen Dollars for a full course. To aid young men of moderate means, the University has issued five hundred scholarships, which are sold to first-course students, for Seventy-five Dollars, and to second-course students and clergymen for Fifty Dollars, each constituting the holder a life member, with the perpetual privileges of the lectures, and all the teachings of the school. The only additional fees are a yearly dissecting and matriculating ticket, each of which is Five Dollars.

THE ADVANTAGES OF SCHOLARSHIPS.

The student holding a scholarship can enter the College at any time during the year, attend as long as he chooses, and re-enter the Institution as frequently as desired.

It requires no previous reading or study to enter the University on scholarships, hence all private tuition fees are saved.

Students, by holding scholarships, can prosecute other business a part of the time.

The candidate for graduation can present himself at any time, and receive his degree as soon as qualified.

In case a student should hold a scholarship and not be able to attend lectures, it can be transferred to another, thus preventing any loss.

Parents, guardians or friends of students wishing to purchase scholarships for them, a year or more before their attendance at the University, can secure them by advancing one-half the price, and paying the balance when the student enters. Physicians and benevolent men can bestow great benefit upon poor young men, by presenting them a scholarship, and thus enabling them to obtain an honorable profession.

WITH HIS PATENT CUSHIONS,

Well known to be superior to any now in use.

Manufactory, 43 Mercer st., New York.

THE great popularity of Sharp's Improved Billiard Tables has rendered it necessary to make extensive arrangements, in order to supply the increasing demand, and he is now prepared to fill any order with which his patrons, or the public generally, may favor him.

W. J. Sharp having had practical experience for nearly twenty years, in the manufacture of Billiard Tables, and having made a number of valuable improvements, he guarantees a Table, which for elasticity of touch, mechanical construction on scientific principles, and elegance of appearance, will challenge competition.

His newly invented patent Cushions having been pronounced by the most competent judges to be superior to any now in use, he is enabled to furnish the best Billiard Table manufactured in the United States, and sustain the name which Sharp's Tables so justly have acquired.

Balls, Cues and Trimmings constantly on hand. Old Cushions repaired at short notice. Orders by mail punctually attended to.

PROSPECTUSES.

THE NEW YORK TIMES.

A POLITICAL, LITERARY AND MISCELLANEOUS NEWSPAPER.

Enlargement of the Daily, Semi-Weekly and Weekly Editions.

The NEW YORK TIMES has recently been enlarged to the size of the London *Times*, and is now one of the largest and cheapest newspapers in the world. Each number of each edition contains eight pages of seven long columns each, making *fifty-six* columns in all. It is always printed on good paper and in clear type—making it the handsomest and most legible Newspaper in the United States.

The TIMES aims, first of all, to give the earliest and most reliable *NEWS* from all sections of the United States and from all parts of the World. Its CORRESPONDENCE, Foreign and Domestic, in variety, fullness and literary interest and ability, is not surpassed by that of any other journal. In the Southern States especially, from which it has been so difficult to obtain reliable information, the TIMES has a large number of able, intelligent and candid correspondents whose reports of incidents and opinions are of great interest and value; and from every Capital in Europe it receives early and reliable intelligence.

In its EDITORIAL Department the TIMES seeks to criticize passing events of every kind with candor, intelligence and a paramount regard for the best interests of the community. It avoids always appeals to mere passion, and aims to direct and convince the judgment rather than appeal to prejudice. In politics it maintains the fundamental principles of the Union Party—seeking the Restoration of Peace and Union upon the basis of Equal Rights and universal justice, and urging always and everywhere the elevation and improvement of all classes of the community. In dealing with the South it will insist upon a just and considerate policy—demanding full and steady obedience to the Constitution and laws of the Union, ample protection for the enfranchised slaves in all their rights of life, liberty and property—the development of the material resources of the country, and the general advancement of all classes of the people in education, morality and religion. All topics, in all departments, foreign and domestic, will receive in the TIMES full and careful discussion.

In LITERARY criticism and intelligence, the TIMES will be especially full and complete. Elaborate and extended Reviews will be made of new works that may deserve them, and no pains will be spared to make this Department more than ever satisfactory.

The AGRICULTURAL, COMMERCIAL and FINANCIAL Reports of the TIMES will be prepared with quite as much care, and will be in every respect at least as full and satisfactory as those of any other paper.

Its Reports of Congressional and Legislative Proceedings, of public Documents of value of all kinds, of Proceedings in Courts, of public meetings, etc., etc., will be full and reliable.

No pains or expense will be spared to make the Times the most valuable, interesting and reliable newspaper in the United States. It has a very large corps of able and experienced writers in every department, and will add to their number, both at home and abroad, as circumstances may require.
